

I support New Jersey's Do Not Call law as I firmly believe that telephone solicitation by telemarketers is a violation of privacy. Personally, I have always had a policy of not speaking with telemarketers (usually having to hang up on them due to their tenacity) and resent the unwanted disturbance they create. Further, telephone solicitation directed at senior citizens is inappropriate, as they are often unable to fully understand a slick sales call and are more likely to accept what is being offered due to their lack of business savvy, old fashioned values, and confusion. PLEASE DO NOT OVERTURN THIS LAW.
